A great many of the so-called blood purifiers are really nothing more than strong mineral mixtures which act so unpleasantly and disastrously on the delicate membranes and tissues of the stomach and bowels, that even if such treatment purified the blood, the condition in which the digestive system is left would often be more damaging to the health than the original trouble. Not so with S. S.—it is the greatest of all blood purifiers, and at the same time is an absolutely safe and harmless remedy. It is made entirely of the healing and cleansing extracts and juices of roots, herbs and barks, each of which is in daily use in some form by physicians in their practice. Years of work and research have proven S. S. S. to contain everything necessary to purify the blood and at the same time supply the system with the purest and best tonic effects. S. S. [Special to The Times-Dispatch.]

HARRISONBURG, VA., June 2.—The annual conference of the Church of the Brethren, which will adjourn to morrow, selected Winona Park, at Warsaw, Ind., as the next place for the annual meeting.

The petition asking that Brethren be allowed to carry lite insurance was voted down by an overwhelming majority, not more than twenty voting for the proposed change.

The question of dress was taken up and discussed at length, and the matter was finally referred to a committee of seven to look up church history, practices and customs and report at the next annual meeting. Uniformity is the only change desired.

It was decided to gradually abardon the use of the International Sunday School Lessons, as they omit many things held sacred by the Brethren, such as foot-washing, dress, plain living and the holy kiss.

A petition was favorably acted on protesting against the enlargement of the United States Navy.

A feature of the day was the singing of a hymn in German, led by Rev. Hiram Gibbel, of Pennsylvania, in which thousands of those present joined.

The business session will be completed to-morrow forenoon.
